12. (Unclassified - LLM) Mr. Robert Hull, Department of State, called on the [REDACTED] case to refresh his memory on what I had told him when he had previously made an inquiry on this subject. I told him that as far as I knew our position had not changed and that was that the issue of his creditable service with Radio Liberty had been decided (properly, we feel) by the Civil Service Retirement Appeals Board and suggested that in the event he wanted any further advice he confer with Doyle Martin in State (this position had been again coordinated with OGC and CA [REDACTED])

STAT

Hull asked if the term "Government contribution" as used in our retirement act legislation pertaining to transfer of employer contributions covered appropriations made directly to retirement funds prior to 1956 when there was no matching contribution. I told him that was not our intent and we did not think the term could be so construed.
